

To all new archers. Please do not buy any equipment until you have had a chance to talk to one of our coaches. It is very easy to be sold equipment that is totally unsuitable. We have no connection with any outlet, or manufacturer. It is just that having the wrong equipment can make a wonderful experience not so memorable, and can be embarrassing for the club. If you have equipment please feel free to bring it along so we can give you an honest assessment. Archery is a wonderful sport. Please give us a chance to make it a lifelong passion for you.

Paul Gardener, Archery Australia, Accredited Regional Coach
